## Rescuers Fight Poison Gases in Frantic Effort to Free Trapped Miners

### EXPLOSION ENTOMBS MORE THAN SCORE OF MEN IN MINE SHAFT

BLAST BELIEVED CAUSED BY IGNITION OF POWDER SHATTERS WEST VIRGINIA MINE

Pocahontas, W. Va., Feb. 27.—(U.P.)—Rescuers fighting fallen slate and poisonous gases in the interior of the explosion-wrecked Boiesvinn mine near here, reported shortly after noon that they would be able to reach a score or more of trapped men by 3:30 p. m.

**25 Rescuers Into Shaft**  
The explosion, believed caused by ignition of powder, occurred in the basin main section of the shaft about two miles from the surface. It was believed that between 23 and 33 men were entombed in the shattered section.

Additional rescue crews were ordered from Coalwood, Gary and Jenkins Jones, Va. The mine was near the border between Virginia and West Virginia.

Twenty-five rescuers were in the shaft. They encountered fallen slate after passing the mile and a half level. Several were overcome by gases and carried to the surface.

Gas masks were worn by those in the deeper recesses. They carried electric torches into the swirl and smoke that would not clear from the tight lower levels.

**Throng Mills About Mine**  
Thomas Stockdale, of Bramwell, W. Va., district inspector, was in charge of rescue operations. He was under orders of Robert M. Landie, Charleston, state mine inspector.

Roads from adjoining towns were choked with motor cars, winding to the scene which is deep in the Allegheny foothills.

A throng milled near the mine. A special officer established a barricade as the crowds pressed forward.

Women among those waiting cried out periodically. It was necessary to restrain them from breaking through the barricade. They were relatives of the men whose fates would not be learned until the dangerous task of clearing the deep shafts was completed.

Rescuers said there was no possibility of determining whether any of the entombed men still lived.

### MID-WINTER SPELL OF MILD WEATHER MELTS HEAVY SNOW

The last traces of an abnormally heavy snow this winter were expected to disappear over the week end before a "mid-winter heat wave" that drove the mercury up to new all time February high marks in the north-west.

At Medicine Hat, Alta, known as the "ice box" of the weather map and usually the coldest point during the winter a new high mark of 64 degrees above zero was recorded yesterday.

With a forecast offering sunshine and continued mild temperatures for tonight and tomorrow, it was expected that even higher marks would be set today.

Although the mercury started its climb from the 34 degree mark throughout Minnesota in the Black Hills of South Dakota the minimum temperature for the night was in the 50's.

It was 45 at Williston, Bismarck and Devils Lake at 7 a. m. today.

### Manila Plans Great Welcome for Roosevelt

Manila, P. I., Feb. 28.—(U.P.)—Arrangements were completed today for a gigantic welcome to be extended Col. Theodore Roosevelt when he arrives Monday morning to become Governor General.

A parade of 28 gaily decorated launches will greet the Liner President Taft, bearing Col. and Mrs. Roosevelt outside the harbor breakwater about 8 a. m. (7 p. m. Sunday, EST.) Another committee will be at the dock to continue the welcoming ceremony.

### G. O. P. Platform Similar to That of 1928—Borah

Washington, Feb. 27.—(U.P.)—Sen. Borah, Republican, Idaho, predicted today that this year's Republican platform on prohibition probably will be about the same as it was in 1928—a declaration for enforcement.

Asked for his views on agitation for a referendum plank, Borah, who wrote the dry plank four years ago, said:

"I think the platform will be about the same as it was last time. It is not a question of platform anyway. What if Smith should run again on a dry platform? No one would believe it."

"We have a dry candidate — at least Raskob says so."

### STEARNS CO. SMITH BOOM APPARENTLY HALTED AT CAUCUS

MAJORITY OF DELEGATES REPORTED FAVORING UNSTRUCTURED DELEGATION

St. Cloud, Minn., Feb. 27.—(U.P.)—The "Smith for president" boom in Minnesota apparently has been stopped in Stearns county, the stronghold for the New York former executive four years ago, it was apparent as delegates for the county democratic convention assembled today.

Reports indicated that W. F. Donohue of St. Cloud had won a majority of the delegates on a plea for an unstructured delegation to the state convention from James R. Bennett, Jr., who was pledged to former Governor Alfred E. Smith.

The convention which will convene this afternoon will select 36 delegates to the state democratic convention.

With the Smith boom apparently stopped in Stearns county, democrats indicated that the state convention without a doubt would give its wholehearted support to Governor Franklin D. Roosevelt.

### Violin Prodigy to Appear at Theater Here Wednesday

Robert Basso, seven-year-old wonder violinist, will appear in a program of advanced and popular violin solos in connection with the regular performance at the Paramount Theater on Wednesday evening with a special school children's matinee at 4 o'clock. The youngster will be assisted by his father, Alexander Basso, violinist, formerly of the Minneapolis Symphony and Miss Effie Drexler, Brainerd, pianist.

Young Basso has appeared in radio broadcasts and is achieving initial recognition. He played before a selected audience here last night and was accorded a fine reception.

### President Engineers, Surveyors Society

R. T. Campbell, city engineer at Brainerd, will head the Minnesota Surveyors and Engineers during the coming year. He was elected at the sessions which ended in Minneapolis yesterday.

### APPEAL GOVERNOR AID OF TOWN SNOWED IN FOR THREE WEEKS

Denver, Colo., Feb. 27.—(U.P.)—Relief for Silverton, mountain city of 1,000 which has been snowed in for three weeks, where food is being taken in on sled at a carrying charge of 25 cents a pound, and where commercial activity is practically paralyzed, was put up to Gov. William H. Adams today.

United States Senator Edward P. Costigan and Representative Edward T. Taylor wired demands to the governor that immediate action be taken to relieve the plight of the isolated town.

The governor immediately directed the highway department to exert all possible efforts to open roads to the town and Chief Engineer Charles D. Vail announced work of opening a road in the town from Durango would start Monday. He estimated it would require ten days.

### PROPOSED SALES TAX NEARLY COMPLETED BY HOUSE COMMITTEE

EVERYTHING THE AVERAGE CITIZEN USES, EXCEPT FOOD, WILL BE ASSESSED

Washington, Feb. 26.—(U.P.)—Approximately everything the average citizen uses, except the food that he eats, is to be taxed under the manufacturers sales tax which has been virtually completed by a House Ways and Means Committee.

Clothing is to be included in the tax draft, though there was some opposition. Farm products, seed and fertilizer, will be exempt.

The sub-committee is expected to endorse the bill formally Monday. It then will be laid before the entire committee with approval assured.

The bill should be ready for the House next week.

The committee has tentatively decided upon income, inheritance and gift tax schedules.

Automobile manufacturers were elated at the action of the sub-committee in voting down excise taxes suggested by the treasury department. Instead, the industry will be taxed at the two per cent flat rate which will apply throughout. The treasury recommended five per cent on automobiles, three per cent on trucks and two-and-a-half per cent on tires and accessories.

### DEMOCRATS OF COUNTY ORGANIZE, NAME DELEGATES TO STATE CONVENTION, HOLD PREFERENCE FOR ROOSEVELT AS LEADER

Voicing a preference for Governor Franklin D. Roosevelt but reserving the right to seven delegates to decide who they will endorse for the Democratic candidacy for president of the United States, Crow Wing county Democrats held an enthusiastic convention here this afternoon and laid preliminary steps for the protection of a county wide organization.

The following delegates were named to the state Democratic convention in St. Paul March 9: I. Ginsberg, Con O'Brien, Mrs. S. C. Mills, C. A. Ryan, Geo. E. Erickson, Donald Ryan, Harry O'Brien.

H. P. Dunn, originally named as a delegate, explained that as vice chairman of the state organization he was entitled to a vote at the state convention and through his recommendation Ryan was substituted.

These alternates were named: William Graham, Jr., Joseph Dunn, A. L. Alexander, Louis Broman, R. L. Peterson, Brainerd; H. M. Koop, Crosby.

The recommendation was adopted that Don Ryan be selected as member from Crow Wing county on the State Central Committee and that his name be recommended to the state committee.

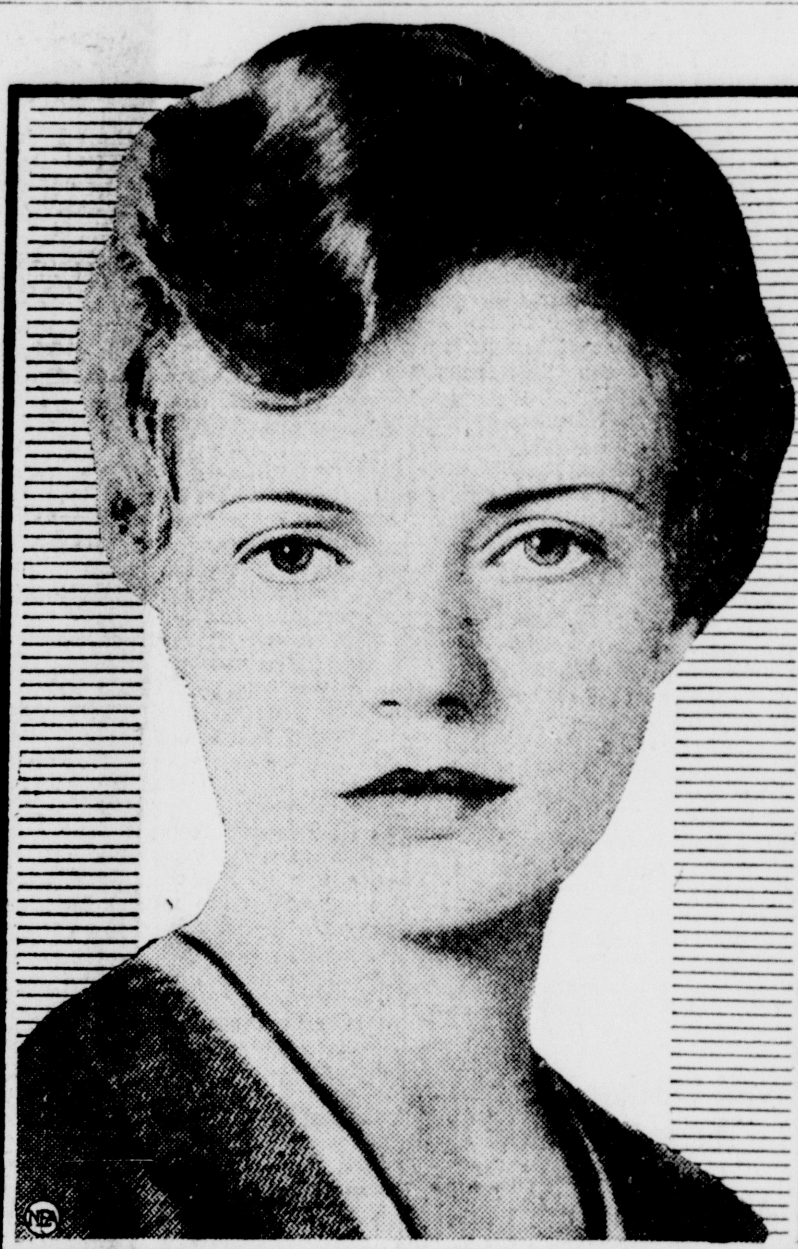

Harry O'Brien was unanimously elected to succeed himself as county chairman of the democratic organization. Others named were: A. L. Alexander, treasurer; Mrs. S. C. Mills, secretary.

The Democratic spirit inspired representatives in optimistic speeches by Clem and Don Ryan of Brainerd and L. T. Pollock, Jenkins. These staunch Democrats promised a Democratic victory and pledged themselves to work for the advancement of the party in Crow Wing county.

Chairman O'Brien was empowered to name a chairman in each precinct, these chairmen to undertake organization in their precincts and to start an early drive for greater numbers in support of the Democratic banner.

The convention was conducted in the farmers' room of the court house and attracted the largest attendance of any former call of the Democratic party here.

### Cherished College Throne Beckons to Co-Ed Beauty

Janet Majors, beautiful University of California co-ed shown above, is one of the leading candidates for queen of the "Big C Sirkus," a famous event of the Pacific coast campus. As this is held only once in four years, the queen selection is taken very seriously. And Janet seems regal material.

### GANG LEADER KILLED 6 OTHERS WOUNDED IN HOLDUP ATTEMPT

GUESTS AND EMPLOYEES OF MIAMI CLUB FIGHT IT OUT WITH BANDIT GANG

Miami, Fla., Feb. 27.—(U.P.)—Five bandits who attempted to hold up the fashionable Embassy club here early today shot it out with employees and guests, leaving the bandit leader dead, three of the holdup men wounded and one guest and two employees injured.

T. Phillip Perkins, former British amateur golf champion, who had advanced to the finals today in the Dixie golf tournament, was shot through the hip by one of the bandits who tried to escape by using him as a shield.

The member of the holdup gang killed, reportedly the leader of the raid, was said to be from Chicago. He was not immediately identified. A clothier's tag in his suit bore the name of A. Y. Yarborough. George Meyers, Tulsa, Okla., and Gene Eckman, were the bandits seriously wounded. Another was wounded less seriously and escaped.

More than 75 patrons in the main dining room of the club at the time of the robbery, well past midnight, were thrown into a near panic when the masked bandits, armed with sawed off shotguns, pistols and rifles entered from the kitchen.

### Circuit Court Affirms

#### Conviction of Capone

Chicago, Feb. 27.—(U.P.)—The United States circuit court of appeals today affirmed the conviction of Al Capone on charges of income tax fraud.

Capone was convicted last fall and sentenced by Judge James H. Wilkerson to 11 years in prison and fined him \$50,000. His attorneys appealed on the grounds that the indictments were faulty.

### 'WET BLOC' IN HOUSE BEGINS CANVASS FOR PETITION SIGNERS

MINNESOTA CONGRESSMEN WHO HAVE NOT SIGNED PETITION RECEIVE TELEGRAMS

Washington, Feb. 27.—(U.P.)—The house "wet bloc" was encouraged today as more names were added to the petition to force a house vote on resubmission of the 18th amendment to the states.

Signatures at noon today totaled 137. This was 18 short of the necessary 145.

St. Paul, Minn., Feb. 27.—(U.P.)—Minnesota congressmen who have not signed the petition before congress asking for resubmission of the eighteenth amendment today received telegrams from the State Association Against the Prohibition Amendment.

John F. Scott, chairman of the organization's executive committee, sent the telegrams to the association. Three Minnesota congressmen who have signed the petition are Representatives Harold Knutson, St. Cloud; William Pittenger, Duluth, and Melvin Maas, St. Paul.

The telegrams concluded, "We consider this your record vote."

Washington, Feb. 27.—(U.P.)—A less confident "wet bloc" began active missionary work today to line up the necessary 24 additional signatures to force a vote on resubmission of the 18th amendment.

Their petition on Speaker Garner's desk carried 121 names. In order to bring the bill before the house, 145 must sign.

### PLATFORM PLANKS THIRD POLITICAL PARTY ANNOUNCED

RESOLUTION PRAISES WORK OF SENATORS NYE AND FRAZIER FORMULATED

Williston, N. D., Feb. 27.—(U.P.)—Platform planks for a third political party movement sponsored by the Nonpartisan league were announced today by a committee appointed at a convention recently.

Resolutions praising the work of Senators Nye and Frazier were formulated and the following planks agreed upon:

"Resolved that congress repeal all existing financial laws which give to private interests the right to use money and credit systems belonging to the government for private exploitation;

"Resolved that the United States favor disarmament;

"Resolved that the electoral college be eliminated and there be a direct vote for president;

"Resolved that members of the federal farm board be elected by farmers cooperatives;

"Resolved that a three year moratorium be arranged on delinquent farm loans by the federal land bank and the bank of North Dakota;

"Resolved that a graduated income tax from one-fourth of one per cent on income of \$100 a month to 75 per cent on incomes in excess of a million dollars be established.

### REPORT CHINESE FLIERS TRAINING IN U. S. CITIES FOR SERVICE AGAINST JAPAN IN WAR

Tokio, Feb. 27.—(U.P.)—Reports from the Japanese legation at Peiping today said Chinese had purchased 400 airplanes in the United States and that 40 of the machines already had reached China.

More than 180 Chinese are in aviation training in the United States and Canada for service in China against Japan, according to reports of Chinese leaders in the United States.

Dr. Y. T. Lam, amateur flyer, has reported to Chinese officials on the Pacific coast that 80 flyers there are ready for immediate embarkation. Dr. Lam has organized Chinese flyers and volunteer aviators in Vancouver and San Diego into a flying corps.

Chicago Chinese are holding a mass

meeting today to raise funds for the training of a group of 35 fliers. Others are taking instruction at the Charlotte, N. C., air school. The Parks air college, at East St. Louis, has received inquiries from Chinese volunteers.

Arrangements have been made in New York city to lease a Long Island airport and train a corps of about 25 young Chinese.

Twenty Canadian fliers have offered their services to China.

Twelve Chinese student flyers are attending a Buffalo aviation school daily. Three have completed 20 hours of solo work and will leave soon for Shanghai. C. L. Murray, their instructor, has said he will have them all ready for active service within two weeks.

Shanghai, Feb. 27.—(U.P.)—Japanese forces, now being reinforced, tonight smashed from air and land at the slowly receding Chinese defense line after completing occupation of the much beleaguered town of Kiangwan.

New Japanese forces arrived to engage in this terrific onslaught at the Chinese. Police reported that 15,000 troops had arrived during the night in the international settlement and were marched to the front.

By United Press

Japanese aerial bombing attack attempted to demolish Lion Hill forts, at mouth of Yangtze, to assure safe passage of transports expected soon with 11th division from Tokio, while air bombs, artillery fire, and infantry attacks were directed at two other points on the front.

Replacements from Chiang Kai-Shek's 88th division relieved Cantonese troops at Chapel.

**Deny Moscow Reports**  
Chinese military and civil leaders en route to Loyang to prepare offensive, probably under Chang Hsiuh-liang, against new independent Manchurian state.

Japanese foreign office denied Moscow reports of aiding white Russians or planning troop concentrations on Soviet-Manchurian frontier.

United States would support unanimous action by League of Nations calling for economic boycott to end fighting, it was believed, but Washington will not initiate such action.

Copyright, 1932, by United Press

Shanghai, Feb. 27.—(U.P.)—Japanese airmen and artillery rained tons of explosives on three points along an 18-mile front this afternoon literally to blast an opening through the Chinese line for waves of green-clad infantry that went over the top immediately.

The aerial forces attacks Lion Forest forts at Paoshan City, the extreme northern end of the battle line, a short distance north of the Woosung forts.

It is past these forts that Japanese reinforcements are expected to be transported momentarily to reinforce the stymied Japanese forces in the lines.

Earlier Namoru Shigemitsu, Japanese minister to China, told the United Press that the Japanese eleventh infantry battalion would arrive in Shanghai shortly but would not be landed at the international settlement.

The troops landed were estimated elsewhere at only 1,000—replacements for the Shimoto mixed brigade from Kokura. They were not connected with the eleventh division, which Hamoru Shigemitsu, the Japanese minister, had told the United Press would arrive shortly. The eleventh division has not arrived. Shigemitsu assured that the 11th division would not land in the international settlement.

Japanese guns aided the airmen in pouring shrapnel and bombs on the Chinese defenders of Tazang, in the center of the line.

American residents of the international settlement were asked by the United States consulate today to familiarize themselves with the location of concentration points in event of an emergency arising in the Sino-Japanese conflict.

Consular authorities insisted the request was entirely a precautionary move.

**Establish Concentration Points**  
Men residents were asked to advise the consulate of the number of women and children for which they are responsible, and printed forms were distributed for house addresses and the numbers of automobiles, passports and telephones.

Six concentration points already have been selected, including the American school, Navy Y. M. C. A. and the Columbia Country Club.

**Japs Must Float Loan**

Washington, Feb. 27.—(U.P.)—The Japanese government is faced with the necessity of floating a domestic loan to carry on its military operations in China, Halleck A. Butts, commercial attache in Tokio, reported to the department of commerce today.

Butts said that the flotation of such a loan would aggravate the financial situation in Japan.

**League to Meet Monday**

Geneva, Feb. 27.—(U.P.)—The League of Nations council of 12 members without Chinese or Japanese representation will meet Monday to reply to Japan's recent response to the league's appeal to respect China's territorial integrity.

The Japanese reply was not well received here, as it questioned competence and right of the council of 12 to act in the manner it did, and refused to recognize China as an organized power.

## Knutson Offers Bill to Aid State Dairy Products

Washington, Feb. 28.—(U.P.)—A bill designed to aid Minnesota dairy products was introduced in the house today by Representative Harold Knutson of Minnesota.

The bill asks the revision of tariffs on products imported from countries where the gold standard has been abandoned. According to the terms of the new measure, the new tariffs would be repealed when the countries in question return to the gold standard.

It was said that products from Canada have seriously affected the dairy industry since their monetary standards are lower with the abandonment of the gold standard.

## Scout Appointments at Crosby Approved

The Crosby American Legion post has given its approval through its special committee on Boy Scout work to the appointment of James Butler as junior assistant scout master of Troop 20, which is sponsored by the Legion post.

This appointment follows shortly the choice of Page Nicholson as assistant scout master and Carol Garceau as junior assistant scout master for Troop 22, also of Crosby, which appointments have just been made public. Page Nicholson has the distinction of being the first Crosby scout to

attain the honor of Eagle Scout. All three scouts were former members of Troop 22, of which M. F. Crosby is scout master.

A new scout troop has recently been formed at Trommald, headed by DeWard Hawley who has formerly been active in scout work at Emily.

# "Trains Will Continue to Run, --But...?"

Will traffic take care of the more than a thousand railroad employees who make their livelihood in the shops, crews, construction and maintenance?

Hardly, you'll say. That's just the point. Decreased passenger traffic and freight shipments seriously threatens every employe of our two great railroad systems. These men want to keep their jobs, and it is vitally important to us to see that they do keep them.

The Ship and Travel by Rail Movement is gaining momentum. That Brainerd is alive to a situation beneficial to every man, woman and child of this community, of the commercial and industrial welfare of our populace, is evidenced by the unanimous manner with which she allied herself with her two great railroads.

"Ship and Travel by Rail" is the slogan--for Brainerd is united in community-wide co-operation to protect that which is rightfully hers. It is vitally important that all of Brainerd make allegiance to the cause, for we will not only perpetuate the enormous normal payroll of over \$1,750,000 annually, but by proper application, increase it.

In the spirit of a greater Brainerd let's

## RESULTS OF CO-OPERATION--

Success of any venture, involving more than one unit, rests solely upon the co-operative spirit manifest by the different segments or cogs in the machine. And, to this fact solely can be traced the unusual success of "Dollar Days" just closed in Brainerd.

Merchants have declared it to be one of the greatest sales events of its kind ever held here. They are enthusiastic over the results obtained. And, they have no one to thank but themselves in view of the united and whole-hearted co-operation in planning this venture evidenced in the promotion work.

Every line of business was represented. This made the event doubly attractive from the standpoint of the buyer, and it also showed the far-sighted vision of Brainerd's enterprising merchants who swung into line to offer their patrons every conceivable type of merchandise in two-score places of business.

The unified spirit, evidenced by the two-score merchants participating, was gratifying. That is what put the event across and merchants should look back to this merchandising event with satisfaction in the fact that it marked the first time their members were represented in so large a number. And, the results, according to the merchants themselves, were so gratifying that they should hold no fear as to the solidity and co-operation of their fellowmen.

## WHERE CRIME IS BRED--

One of the commonest American beliefs is that most criminals are mentally defective, and that the crime wave would ebb to a ripple if only some way could be found of putting a serviceable mind into the head of each crook.

Now, however, Dr. Amos T. Baker, psychiatrist at Sing Sing prison, comes along to tell us that we're mistaken. Addressing a session of the American Orthopsychiatric Association in Baltimore the other day, he declared that the mentality of most criminals compares favorably with that of law-abiding citizens.

Most criminals, he said, go wrong because of unfavorable home conditions and not because they are mentally deficient. Heredity has little to do with filling prisons. Environment is all-important.

It would be more pleasant, possibly, to stick to the older idea and blame it all on heredity. That would relieve us of all responsibility. But we can't do it, and Dr. Baker's remarks ought to make us stop and do a bit of thinking.

That expression, "unfavorable home conditions," can cover a whole lot of ground—and society as a whole has a direct responsibility in it.

It covers, for example, homes in city slums, where health conditions are bad, food is poor and the street is a child's only playground.

It covers homes in certain mining towns, where the workers are ground down by poverty, live in conditions of sickening squalor and count themselves lucky if they can just get enough to eat from day to day.

It covers homes in rotten tenements which, if we had any social conscience at all, would be torn down no matter what the cost; homes on isolated back-country farms where a child can grow up without any advantages whatsoever; homes in dull factory towns where a mill-owner is absolute czar over all his workers—homes everywhere, in short, that belong in what the sociologists call the "under-privileged" stratum.

That is where our crime stems from. As long as society is willing to let a large number of human beings live in such homes it will have a nasty "crime problem." We all share in the responsibility.

## THE TWENTIETH AMENDMENT--

The twentieth amendment is about to be added to the Constitution of the United States, and if you aren't familiar with its provisions it would pay you to find out something about it.

It is commonly called the "lame duck" amendment. It would do away with governmental machinery that was devised for an age of stage-coaches and horse-drawn canal barges, and it would bring things at Washington up to date.

First of all, it would move the presidential inauguration ahead from March 4 to early in January. More important, it would similarly move ahead the date on which a newly-elected Congress takes office—thereby doing away with the scandalous "lame duck" sessions, in which congressmen whose constituents have turned them down still have power to make laws. It would make the government vastly more responsive to the will of the electorate.

Thirty-six state legislatures must ratify it if it is to carry. Not one valid reason can be advanced against it; many weighty reasons can be put forward in its favor. It ought to be ratified without delay.

## NO "WAR BIRDS" WANTED--

Canadian dispatches reported the other day that 80 aviators, released from the Canadian Royal Air Force recently because of a governmental economy program, have offered their services to the Chinese government in its fight with Japan; but the Chinese consul general in Canada, after thanking them, explained that he knew of no way in which his country could take advantage of the offer, since no preparations have been made for taking on foreign flyers.

Only one American, to date, has served under fire as a flyer for the Chinese aviation corps—and he was killed recently when Japanese airmen shot him down in flames a few days ago.

In this connection it is worth remembering that the U. S. consul general in Shanghai recently warned American aviators that Shanghai is no place for be-winged soldiers of fortune these days. The Chinese air force is small, and it evidently is not ready to recruit airmen from this side of the Pacific. The jobless aviator who would like to do a little fighting will, apparently, have to possess his soul in patience for a while.

# CHURCH, LAY LEADERS TO ADDRESS RALLY

## PUBLIC INVITED TO CONFERENCE MEET METHODIST CHURCH

Continuing the series of district men's meetings in the Northern Minnesota conference of the Methodist church, a rally open to the general public will follow a brotherhood dinner in the Methodist church here Monday night.

The Rev. F. A. Kufus, pastor of the Brainerd church, announced today that the fellowship dinner would be held at 6 o'clock. The public rally to which the public is cordially invited to attend will be at 8 o'clock.

Prominent church and lay leaders from the conference will be heard at the rally. Among them are Dr. Alfred F. Hughes, president Hamline university; the Rev. H. L. Maunder, field secretary Wesley foundation of the University of Minnesota; W. G. Calderwood, president of the conference brotherhood; H. H. Parish, associate secretary Northwest brotherhood, and Blaine Lambert, superintendent Duluth district.

Themes of their messages have not been announced but, according to those in charge, their addresses will be of great interest to the general public.

The Rev. Kufus announced also that short speeches will feature the short program following the brotherhood dinner.

## MUSIC FEATURE OF BAPTIST SERVICE HERE SUNDAY NIGHT

The program of music at the First Baptist church tomorrow evening will consist of piano solos by Louis Johnson, violin solos by Mrs. Louis Johnson, musical saw solos by Charles Miller and an anthem by the church choir.

Rev. Edgar A. Valiant will speak on "A United Family" at the evening hour of worship and at the morning service he will deal with the subject, "The Master's Demand."

At 2:30 o'clock tomorrow afternoon, Rev. Valiant will conduct services at the Mill Mission in N. E. Brainerd.

## Lenten Devotions at St. Francis Church Three Evenings a Week

Lenten devotions at St. Francis Catholic church are held Wednesday, Friday and Sunday evenings with the Rev. James Hogan, pastor, and the Rev. Thomas Durken, assistant pastor, conducting the services.

The Wednesday evening service is devoted to instruction. Friday the Way of the Cross is commemorated and the Sunday night devotions are featured by a sermon, the theme of which is in keeping with the Lenten season.

Tuesday evening, rehearsal for the Easter pageant.

Tuesday evening, there will be a meeting of the Stewards at the parsonage at 8:00 o'clock.

Midweek prayer service will be held at the usual time on Thursday evening with the Teachers' Study hour following. It is very important that all teachers of our Sunday school attend this hour of study. Let us have a 100 per cent. attendance next Thursday.

Every church member should feel it their duty to be present at all the services of our church at all times but especially do we solicit your presence during these Lenten days when our hearts are strangely warmed by the thought of the suffering, death, and resurrection of our Lord, who died that we might have life.

The choir will meet in the church on Wednesday evening. All members should be present.

The special envelopes for our Easter offering will be handed out early so that all may have ample time to provide your share of the largest offering we expect you to give during the entire year. Please plan and pray that the hearts of the people will respond to this call very generously and that we may be able to meet our desired goal of the year.

Do not forget the services on the Lord's Day. Come and bring your friends.

# RANGERS BEAT BRAINERD, SEEN AS CHAMPS

## Link Names of Wieman, Bierman With Director Post

### PERPICH AGAIN THE BARRIER IN B. H. S. ADVANCE; GAME FAST

#### BRAINERD DROPS BEHIND IN THIRD QUARTER; PLAYS HARD FINISH

Crosby-Ironton's Rangers looked unbeatable last night, displaying better style than any team that has played in this district this season.

The boys from the range will be most difficult to overcome in the district tournament and will enter the meet favorites to win.

Brainerd's Warriors played a fast, hard game last night, equal in offense to their strongest game, but noticeably excitable on defense, and bowed to a 38-24 defeat.

The Rangers were granted an advantage by playing on their own floor but it appeared obvious that they could have won without great trouble even on the Brainerd floor.

The principal reason again for Brainerd's defeat at the hands of Crosby was the deadly driver, Joe Perpich, at the pivot position. He used the push shot consistently and Brainerd could do nothing about it. Perpich was bottled in the first quarter but he found his stride in the remainder of the game to sink five field goals and three free throws. He held the key position for all of Crosby's plays.

Brainerd took the lead only once during the game, that by a two point margin in the second quarter. Each quarter, however, found Crosby-Ironton gaining, Brainerd was held scoreless in the third quarter while Crosby ran the 16-14 count at the half up to 25-14 at the close of the third quarter.

Elmer Foster went scoring wild in the last quarter, dropping in four field goals, the majority from long range. In that quarter he also sunk a gift shot while in the first quarter he found the cage for one field goal and one free throw.

Heikkinen started in the game in the second quarter, went hot for the quarter, slumped in the third quarter and found himself again in the last quarter.

Liberal substitutions were made by Brainerd in the last two quarters in an effort to determine the weak spots in the team play.

The game attracted an audience that taxed the seating capacity of the Crosby-Ironton high school gym. Many fans were turned away. All seats in the gym were taken one hour before the game. Brainerd was represented by approximately 250 fans.

The box score follows:

Brainerd (24)	FG.	FT.	PF.

### ROSS WINS 2 FALLS OVER BUCK SCHIEL IN PEQUOT TUSSE

Fred Ross of Pequot won two out of three falls over "Strangler" Buck Schiel, Gull Lake store merchant, in the main event on the wrestling-boxing card at Pequot last night.

Ross won the first fall in 4 minutes with a hammer lock and body scissors. Schiel beat Ross for the second fall in two minutes with a toe-hold. Ross won the third fall in three minutes with a head scissors.

title defender now in second place, is idle.

More interest, however, centered in the Minnesota-Illinois fight for third place, at Minneapolis, where a closer contest was assured. In the other two games tonight, Chicago plays Ohio State and Michigan at Iowa.

The Badgers' home floor advantage is not believed great enough to offset the scoring ability of Johnny Wooden, all-American guard now leading the conference in individual honors, and his teammate, Eddy Wisconsin lost their star guard, Bobby Poser, through ineligibility, and is in ninth place. The Boilermakers easily defeated them at Lafayette earlier in the season.

Four Minnesota players will make their final appearances on the home floor tonight in the game with Illinois which seeks to supplant the Gophers in third place. Each team has lost three games, but Minnesota has won six to Illinois' five.

Ohio State hopes to break the "jinx" which gave Chicago their first victory of the season, against the Buckeyes last week. State, playing on its own floor, is favored although its lineup still is indefinite.

Iowa will attempt to stop Michigan's scoring ace, Capt. Norman Daniels, now third in individual honors. The Hawkeyes, barely nosed out last week by Indiana, lost their first contest to the Wolverines. Michigan, with four losses, is out of the title running.

### RUTGERS SELECTS LITTLE AS DIRECTOR

New Brunswick, N. J., Feb. 27.—(UP)—Athletic destinies of Rutgers university, cradle of American intercollegiate football, will be directed by George Little, former director of physical education at the University of Wisconsin, it was announced last night. Little was appointed head of Rutgers' physical education division at a meeting of the executive committee of the board of trustees. He will take up his new duties April 1. He will have general supervision over the department of physical instruction, student health and intercollegiate athletics. Undergraduates interpret Little's selection as an indication that Rutgers will go in for football "in a big way." Although Little will not be football coach, that position being occupied by J. Wilder Trask, he will determine largely the school's athletic policies.

### CAMPBELL TO MAKE ATTEMPT TO BREAK OWN SPEED RECORD

Daytona Beach, Fla., Feb. 27.—(UP)—Captain Sir Malcolm Campbell, after setting five world records in the past three days, today planned one "last attempt" to beat his own automobile speed mark for the mile. He failed yesterday to improve it during the two most hazardous runs of his thrill-packed career.

If beach and weather permit, the daring knight will speed his powerful racing car Bluebird today over the same white coral sands where he shattered world's records yesterday for the five kilometers, five miles and 10 kilometers. He was unable to improve the world figures he established Wednesday for the one mile and the one kilometer.

Should conditions prevent another try today, Sir Malcolm intends carrying his 1,500-horsepower Napier Bluebird tonight and shipping it back to England. He will follow Tuesday.

By rocketing once southward and once northward over the 12-mile course yesterday he averaged 242.751 miles an hour for five miles, breaking his previous record of 214.491. For the five kilometers, he averaged 247.941, beating Wednesday's record of 241.469. In the 10 kilometers, he averaged 238.669, shattering the record of 152.09 held by Boreacchini of Italy.

His 251.743 for the mile was less than his Wednesday's record mileage of 253.968.

### STRIBLING TAKES TERRIFIC LACING FROM SCHAAF FOR LATTER'S 13TH STRAIGHT WIN

Chicago, Feb. 27.—(UP)—Thirteen straight victories behind him in nine months, Ernie SchAAF, big business Bostonian, today appeared headed for a shot at the world's heavyweight championship before the end of the year.

SchAAF, a magnificent athlete weighing 209 pounds, administered to W. L. (Young) Stribling, pride of the old south, the worst beating of the Georgian's career in a 10-round bout before 10,925 persons in the Chicago stadium last night. The gate receipts were \$29,851.60. The decision was unanimous.

Outweighed 20½ pounds, conceding physical advantage, Stribling made one of the gamest stands of his long and checkered career numbering some 330 battles. Stribling, who weighed 188½, was beaten by a wider margin in 10 rounds, and still on his feet, than he was by Max Schmeling when their title bout was stopped in the

### TWO OTHER PERSONS MENTIONED FOR JOB HELD BY CRISLER

Minneapolis, Minn., Feb. 27.—(UP)—Members of the present University of Minnesota athletic department today had an inside track to the position of director left vacant by the resignation of H. O. Crisler to go to Princeton university as head football coach.

The two names most frequently mentioned on the campus as discussion turned to the man who will take "Fritz's" place as athletic director were Elton E. (Tad) Wieman, who worked with Crisler as head line coach, and Bernie Bierman, former Tulane football coach who returned to Minnesota this winter.

Bierman, however, is understood to feel that his duties as football coach will take up so much of his time that even if he were offered the position of athletic director he should not accept.

Wieman came to Minneapolis after assisting Fielding Yost at the University of Michigan two years ago when Crisler came here from Chicago. His work has been highly satisfactory and he is known to stand well with the administration heads.

Two other names mentioned for the post were Dr. L. J. Cooke, assistant director of athletics, who has been with the department for the past 35 years, and Vernon Williams, who played with Gopher football teams 15 years ago and who served as assistant dean of student affairs here before going to Tulsa several years ago.

Dean Guy Stanton Ford, acting head of the university, is expected to return from conferences in the east either today or tomorrow. President Lotus D. Coffman will return from a leave of absence spent in the Orient within the next two months and the appointment of Crisler's successor may stand over until he returns.

## CHARTS EMPHASIZE POINTS OF STUDY IN ADULT EDUCATION

Treatise of adolescence, graphically elaborated and illustrated with charts by Mrs. Rebecca Nelson, University of Minnesota representative who is conducting a series of courses on adult education in co-operation with the Brainerd Parent-Teachers association, dominated this week's program of special work secured for parents of Brainerd because of the interest and enthusiasm manifest in the previous course.

One hundred twenty-five parents were told yesterday by Mrs. Nelson of the fundamental principles in the characteristics of adolescence. In her outline of this all-important phase of child study, Mrs. Nelson stressed three points: the goal of parents, the goal of adolescence and the necessity of knowledge by parents of the physical, mental and emotional traits of the child.

Mrs. Nelson emphasized the points of her address with illustrated charts showing the findings of close study made of 45,000 children. The findings, based on this scrutiny of the "reactions," resulted from examinations made only of average children. Her comparison in the use of the charts made it easier for the parents to understand the essential rudiments of the growth of the child's body, weight and other characteristics in the child's development.

A popular feature of the course was the questioning by individual parents of problems confronting them in the development of their children. All parents, Mrs. Nelson stressed, are invited to these courses, the next of which will be held soon and she urged and invited them to bring their problems to her for counsel.

Importance of the intelligence test for children was the theme of Mrs. Nelson's morning address. She cited the necessity of these examinations for Brainerd children before 100 people attending that meeting. The mental and physical advantages, stressing the growth of the child, is a paramount knowledge that would be derived through these tests, the speaker said. Mothers worried over the eating and sleeping habits of their children were given proper instruction in the physical care of the pre-school child up to 6 years. Mrs. Rebecca Nelson explained in detail how necessary regular eating and sleeping is to the child and how, in after years, the results become evident. Work in the nursery school, University of Minnesota, was described in this connection of physical growth. Mrs. Nelson answered questions when open discussion was called.

## FAWCETT MAINTAINS WIFE KEPT GIGOLOS, SPENT THOUSANDS

ASSERTS IN AFFIDAVIT SHE  
WITHDREW FUNDS FROM FAW-  
CETT PUBLICATIONS, INC.

Minneapolis, Minn., Feb. 27.—(UP)—Wilford H. Fawcett, publisher of "Captain Billy's Whiz Bang" and other magazines, today charged that his wife secretly had withdrawn funds from Fawcett Publications, Inc., to pay bills of "gigolos" in papers filed in Hennepin county district court.

The charges were made in affidavits in reply to a petition of Mrs. Antoinette F. Fawcett to permit her to examine the books of Fawcett Publications, Inc. Mrs. Fawcett asked for the auditor and for receivership on the grounds that she owned one share of stock and had received no dividends while her husband had received a \$50,000 a year salary and had done little or no work for the corporation.

Arguments were heard late yesterday.

## NEW APPOINTMENTS FEATURES FORD AS STREAMLINE MODEL

Detroit, Mich., Feb. 27.—(UP)—Henry Ford, pioneer in mass production of autos, is staking millions on his belief that people are ready to buy real values.

Holding this theory in this, the third year of the depression, Ford is ready with his new venture, an 8-cylinder car, the pride of his career, and the marketing of a new four-cylinder engine.

Within a few days shipping of final parts will start. "They're apt to get mad at me for coming in here," Ford said grinning as though he were getting into his mother's cookie jar.

To one who rode the old model T over many bumpy miles, the six new cars in view seemed a motorist's paradise. The only familiar sign was the trade-mark. The body is streamlined, with slanting windshield, and V-shaped radiator with rounded crown in body color.

The bodies are longer, wider and lower. The cars have free-wheeling. The ignition key has been switched to the steering post, and the gasoline tank to the rear. Wheels are larger with heavier tires and bigger hub caps.

"They will get up to 80 miles and are built to run at 65 and 70 miles, which is fast enough for any car," Ford said. "The gas consumption of the eight is approximately the same as that for the four. We get this economy of operation in the eight by reducing all forms of friction to a minimum."

Switzerland reports a surplus of 200,000 bachelor girls.

# DELINQUENT TAX LIST

State of Minnesota, County of Crow Wing.

District Court, Fifteenth Judicial District.

The State of Minnesota, to all persons, companies, or corporations who have or claim any estate, right, title of interest in, claim to, or lien upon, any or the several parcels of land described in the list hereto attached.

The list of taxes and penalties on real property for the County of Crow Wing, remaining delinquent on the first Monday in January, 1932, has been filed in the office of the Clerk of District Court of said County, of which that hereto attached is a copy.

Therefore you, and each of you, are hereby required to file in the office of said Clerk, on or before the 30th day after the publication of this notice and list, your answer in writing, setting forth any objections or defense you may have to the taxes, or any part thereof, upon any parcel of land described in said list, in, to, or on which you have or claim any estate, right, title, interest, claim, or lien, and in default thereof, judgment will be entered against such parcel of land for the taxes on said list appearing against it, and for all penalties, interest, and cost.

You are further notified that at the expiration of five years from the date of the tax judgment sale pursuant to such judgment, each parcel of land sold at such sale, and not otherwise disposed of, will become the absolute property of the purchaser or of the state, or of his or its assigns, without further right of redemption, and without any notice of expiration of the time to redeem the same.

W. A. M. JOHNSTON, Clerk of District Court.

Crow Wing County, Minnesota.

Approved as to form

A. J. SULLIVAN, County Attorney.

58 P. M. Hatzberg, being by me first duly  
59 sworn, deposes and says that he is the County  
Auditor of the County of Crow Wing; that he  
60 has examined the foregoing list and knows  
the contents thereof; and that the same is a  
correct list of taxes delinquent for the year  
therein appearing upon real estate in said  
61 county.

F. M. HATZBERG,  
County Auditor.

Subscribed and sworn to before me this 30th  
day of January, 1932.

W. A. M. JOHNSTON,  
Clerk of the District Court,  
Crow Wing County, Minnesota.
